

## MARINE BIOLOGY SEMINAR 2020-2021

Every Thursday at 10:15 via Zoom

Date	Speaker	Title
22/10/2020	Revital Bookman (UH)	Contamination history of lead and other trace metals
29/10/2020	Jessica Bellworthy (UH)	Corals in a changing environment; existing tolerance and generational carry over effects
05/11/2020	Andy Cundy (U. Southampton)	Old and new contaminants in estuarine systems: sources, pathways, and management
12/11/2020	Alon Rothschild (SPNI)	Marine conservation in Israel – from policy to action
19/11/2020	Ben Naman (Ningbo U)	Investigating the Chemistry of Cyanobacteria Through Metabolomics, Geography and Biology
26/11/2020	Shimon Steinberg (BioBee)	Growing vegetables without chemical pesticides – a dream or reality
03/12/2020	Alvaro Israel (IOLR)	Seaweed Resources of Israel; ecologic and economic aspects
10/12/2020	Itzik Klein (UH)	TBD
17/12/2020	Ilia Burgsdorf (PhD) (UH)	Lifestyle evolution of sponge symbionts with different trophic strategies
24/12/2020	Nir Keren (HUJI)	TBD
31/12/2020	Hadas Gann-Perkal (SPNI)	SeaWatch – protecting our sea from marine hazards and fishing violations
07/01/2021	Edo Bar-Zeev (BGU)	TBD
14/01/2021	<b>Marine Biology retreat</b>	TBD
21/01/2021	Nir Altschuler (CartiHeal CEO)	CartiHeal – from Bench to Bedside

Coordinator: [tluzzatto@univ.haifa.ac.il](mailto:tluzzatto@univ.haifa.ac.il)

**\*Seminars are mandatory for students and held via zoom with open cameras**

**\*\* Students should sign up each semester using the courses online system**
