

LEON H. CHARNEY
SCHOOL OF MARINE SCIENCES

בית הספר למדעי הים על שם ליאון צ'רני

PhD/MSc student for an ISF funded study on Heavy Metal Pollution in Marine Snow

We are searching for excellent and motivated students for a multidisciplinary study on sources, dispersal and burial of heavy metals in the marine environment

Requirements:

- BSc, MSc degree in the earth sciences, biology, chemistry or any other related fields in marine sciences.
- Experience in analytical analysis and marine fieldwork is an advantage.

Please address enquiries to Dr. Revital Bookman: rbookman@univ.haifa.ac.il
