Obligatory-

nonobligatory-

obligatory for PhD students -

**\*\*The school seminar** takes place three times per semester-

**\*\*\* Thesis defense exams-** dates will be given in advance.

**Metatranscriptomics 227.4073** - 3 credit- 5 day's concentrated workshop during the semester break – Prof. Daniel Sher, Dr. Eyal Privman and Dr. Maya Lizar. Registration through the department office, subject to the lecturer's approval.

# Marine Biology, 2023 schedule

## Semester B

03.03.24-21.06.24

|             | Sunday                                                                                     | Monday                                                                                                                                                          | Tuesday                                                                                 | Wednesday | Thursday                                                                                                                                        |
